

Paulina Court Condominiums

Parking Lot Gate Remote Programming

These are generic instructions for most remote¹ types with 2 Control Buttons.

Once you have set the DIP Switches in the remote for the gate you want to program (see below):

- 1) Press and hold down the Program button until the LED light turns on.
- 2) Press & release the Control Button 1, the LED light will flash. When it stops flashing, continue to press and release the Control Button letting the LED stop flashing after each press before pressing again. (It may be as many as 13 times.)
- 3) The gate should activate.
- 4) Press the Program button again to save it.
- 5) Repeat steps 1 – 4 for Control Button 2.
